TECHNOLOGY ENTHUSIAST

Cyber Security Analyst and skilled Full-Stack Developer with expertise in Java, Python, and React JS. Adept at identifying security vulnerabilities, designing robust software solutions, and implementing security practices across full-stack applications. Passionate about leveraging technical skills to deliver secure and scalable applications.

PROFESSIONAL EXPERIENCE

- **NYATAPOLA AUTOMATION PVT.LTD**

E-commerce web application in REACT JS | https://github.com/nawaraskc217/ITSOLN_e-commerce_ReactJS | Intern
Developed a responsive e-commerce application using ReactJS, featuring product listings, shopping cart functionality, and user authentication. Employed React Router for seamless navigation and managed state with Context API, enhancing my skills in front-end development and user experience design.

- **AUTOMATIC NUMBER PLATE DETECTION SYSTEM**

Machine Learning | Python Developer | https://github.com/nawaraskc217/ANPR_WebApp
ANPR web application that processes images to extract vehicle license plate information. Implemented computer vision techniques using Python and integrated a user-friendly interface, enhancing my skills in image processing and web application development.

- **SPRING BOOT E-COMMERCE APPLICATION**

Desktop Application | Web Application | https://github.com/nawaraskc222/SpringBoot_ecommerce
Developed a full-featured e-commerce application using Spring Boot with functionalities like user authentication, product catalog management, and order processing.

- **SECURITY ANALYST**

OSINT expert | Pen-tester
Detail-oriented Cyber Security Analyst with expertise in identifying vulnerabilities and mitigating risks to protect sensitive data. Proficient in conducting security assessments, implementing security measures, and monitoring network systems to ensure compliance with security policies and regulations. Strong analytical skills and a commitment to maintaining a secure digital environment.

KEY COMPETENCIES

Technical & Network skill	Report writing and presenting	Strong interpersonal skills
Data-driven strategic planning	Critical thinking skills	Proactive and self-motivated
Process improvement	Excellent communication skills	Exceptional organisational skills

EDUCATION & CERTIFICATIONS

- **Bachelor of Computer Science in Information Technology (CSIT)**

kathmandu College of Technology

- **Science in +2**

Golden Gate international College

- **CySA+ Certification | Dion Training Solutions**

Udemy

- **CompTIA Pentest+ Ethical Hacking Course**

Currently enrolled to pursue the certification

EXTRACURRICULAR ACTIVITIES

- **Founder of KC TIT CLUB**

kathmandu College of Technology

- **Associate at AIESEC Nepal**

Kathmandu university
